

**CORE TITLES LIST
&
ELECTRONIC TITLES List
2022**

The **Core Titles** List for an Ontario Courthouse Library is a collection development tool intended to be used by every courthouse library in Ontario. It was developed with the belief that a courthouse library should be able to help lawyers and other law professionals find information, no matter the size of the library or the area of law being researched.

This list is comprehensive and contains the best titles in every area of Canadian law. Containing monographs, loose-leaves, and online resources, including those available to everyone through LexisNexis Quicklaw Advance, VLex, and Thomson Reuters Westlaw Canada. By using this list as a guide, libraries will be able to access a resource on every topic, ensuring that their collections are current, broad, and accessible to all.

The **Electronic Titles List** is a snapshot as of October 2022 of currently available titles through the LiRN subscriptions to all Courthouse libraries. The publishers drop or add titles without notice and given the size of the list (378 titles currently), the committee feels that it is overly cumbersome to maintain a current list of electronic resources. The list will be useful as a guide currently but we should not rely on it alone moving forward.
